

News Brief January 20, 2012

SO, WHAT'S A NEWS BRIEF ?

In the past, a newsletter was a way to get information out to our members.

Now with the electronic age we can get info out when it's still news AND there are no deadlines or publication dates. When there is something to say we can say it.

Now for some NEWS !!!

THE MARCH MEETING - OUR 20TH YEAR !!

Our meeting on March 12, will celebrate 20 years. It will be at the York Village Fire Station, the town where it all began.

We expect those who joined in 1992 to be there in force along with everyone else. We will have a time to socialize with them and all the others we have not seen in a while.

PLEASE plan to make this meeting, it will be a good time

We will remember those times of 20 years ago with slides and comments and enjoy refreshments together.

The business meeting will follow.
